

**GUIDELINES**  
**INTERNSHIP ECTS VALIDATION**  
**FOR THEORETICAL AND PRACTICAL ACTIVITIES IN SEMINARS AND/OR TRAINING COURSES**  
(Determined in CCdS, 20.05.2025)

Master Degree in ECRS

Participation in conferences, training courses (without final evaluation), individual seminars can be validated for a maximum total of 1 ECT with the following indications/restrictions:

- conferences, training courses (without final evaluation), and individual seminars with activities lasting 12 hours will be taken into consideration for possible validation with the following equivalence: 0.5 CFU = 12 hours;
- the 12 hours can be achieved by a single activity or by cumulating several activities (for example by following and certifying 12 seminars of 1 hour each);
- the student will be responsible for requesting the validation (conferences, training courses without final evaluation, and individual seminars) providing the documentation where contents (consistent with the ECRS Course), the effective presence of the student (signed by the supervisor/manager), and the duration (in terms of hours) of the activities should be available;
- only requests for an overall amount of 0.5 CFU (12 hours) or for 1 CFU (24 hours) will be considered.

For other activities that actively involve the student (for example, orientation, participation in training courses with assessment), the Council will decide on a case-by-case basis depending on the hours of attendance and any final assessment.
